

This is in response to the FCC's new LPFM and the effects it will have on the radio station Airl.

1. Airl is my entire families source of news, music, and local events information. I believe it is critical for my children to have Airl as an alternative to the secular "trash" that they would likely try to seek out, should Airl not be available.
2. I know that there are many people in this broadcasting area that rely on Airl for specific music and information. It would be very disruptive, disappointing, and annoying to not have Airl available to this area. I have personally confirmed this with co-workers and friends.
3. I believe Airl is beneficial to the public because of the music, news, event calendars, and encouragement they provide. Please allow Airl to continue broadcasting!
